

C.V. Management Group — Capability Statement

Independent Delivery Broker • Medical & Specialized Courier Coordination

Company Overview

C.V. Management Group operates as an **independent delivery broker**, coordinating professional drivers and contractors to support medical, commercial, and time-critical delivery needs. We do **not** operate as an asset-based carrier; instead, we leverage a vetted network of independent contractors whose vehicle types and availability vary by region.

Core Competencies

- Brokered delivery coordination (on-demand, scheduled, routed)
- Medical & healthcare courier support (specimens, pharmaceuticals, supplies)
- Retail & commercial last-mile delivery
- Airport-aligned logistics and cargo recovery
- Secure chain-of-custody documentation
- Cold-chain and live-animal transport capability

Vehicle Network Brokered

Vehicle types vary by contractor, with typical daily access including:

- **Cars:** Available upon request through contracted partners
- **SUVs:** Available upon request through contracted partners
